each a "Party"; collectively "the Parties".

1. Background

The parties have entered into a data processing agreement for the processing of personal data in connection with certain software-related services provided by the processor to the controller.

The controller now wishes to use certain new AI functions of the software, including the involvement of new subcontractors to provide these new services. Therefore, the parties enter into this Amendment Agreement.

2. New sub-processor

The controller consents to the use of the following sub-processor and/or new types of sub-processing by existing sub-processors:

No.	Name:	Address:	Description of the processing (including a clear delineation of responsibilities if multiple sub-processors are authorised):
1.	Telekom Deutschland GmbH	Landgrabenweg 151, 53227 Bonn, Germany	Provision of the Microsoft Azure services required for beta and/or production use of the AI functions.

The data controller agrees that the provisions of Microsoft's Online Service Terms and Conditions (<https://www.microsoft.com/de-de/licensing/product-licensing/products.aspx?rtc=1>) and the provisions of Microsoft's DPA (<https://aka.ms/DPA>) apply to the use of the above-mentioned services.

3. No further changes

In addition to the changes expressly set out in this Amendment Agreement, the parties do not agree to any other changes to the DPA or other agreements between the parties.
